# welcome

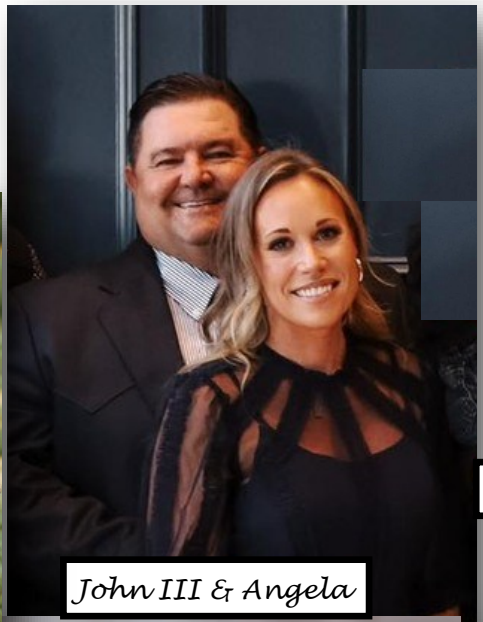

We are excited to present a selection of robust, age-advanced coming 2-year-old virgin bulls. We take great pride in this offering and are confident that you will be impressed by the quality and variety of multi-breed bulls available for you today. Our program is dedicated to providing superior genetics to the commercial cattleman. We aim to produce cattle that perform not only for us, but for cow-calf operators, feedlots, packers, and consumers alike. This is achieved through the use of proven carcass genetics from across the country, with a focus on combining low birth weights with high weaning and yearling weights, while also maintaining excellent grass-converting, maternal traits.

Our goal is to be a trusted source of reliable, high-quality multi-breed bulls for regions such as Arkansas, Kansas, Georgia, Texas, Oklahoma, Missouri, New Mexico, Wyoming, Arizona, Tennessee, Alabama, Louisiana, Mississippi and Florida, both in the fall and spring. Over time, we have gradually expanded our cow herd and Cooperator Program, increasing our annual bull numbers to 1,200. We are proud to be the 7th largest bull supplier in the United States. Building long-term relationships is important to us, and we are deeply grateful for the friendships and connections we've made. We look forward to seeing you on sale day and discussing how we can contribute to your success.

# WELCOME TO THE SALE

## Rugged, Range Ready Feed Program:

The bulls are never pushed hard on grain & they are grown on a high roughage diet when on feed test. The yearlings are summered out on grass & then wheat in the fall & spring if available. Our yearlings & weaning weights are real world weights because calves are grown on pasture & high forage diet. * The Red marks indicate that the data is in the Top 20% of their contemporary

## Bull Selection:

In order to assist you in selecting the bull that is right for your program we have designated a rating for each of our bulls. By rating our bulls, it gives you a better idea of what you are getting. If it's a heifer bull you are looking for, we want to get you a true heifer bull. If you're looking for a cow bull that will put pounds on your herd, we can get you that! When selecting each rating we take into consideration, several factors. We look at the individual bull; the genetics behind him; his EPDs given by the Breed Association; and his actual weights. To the right is an explanation of the ratings along with a docility rating:

| Docility Rating | Rating |
|---|---|
| Grandma Gentle | 5 |
| Grandpa Gentle | 4.5 |
| Sorts & Works Easily | 4 |
| Manageable | 3.5 |
| Nervous but Manageable | 3 |

| Calving Ease | Rating |
|---|---|
| Guaranteed Heifer Bull **Sleep Easy** | 5 |
| Heifer Bull meeting most criteria | 4 |
| Moderate BW w/ Moderate EPDs | 3 |
| Heavier BW w/ Growth EPDs | 2 |
| Recommended Cow Bull Only | 1 |

### The Story Behind The Sutphin Bull Guarantee

Our first bull sale was thirty-two years ago—eight head, averaging $1,200. At the time, I thought I was rich.

One of those early customers was Lowell Johnston of La Junta, Colorado. Before our second annual sale, Lowell stopped by to look at bulls. Through the grapevine, I had heard that a bull he purchased the year before might have been injured. Wanting to do the right thing, I quietly slipped into the Winter Livestock office and arranged a credit for him—without saying a word.

Later that day, Lowell found out about the credit and came to me, clearly unsettled.

"No sir, young man," he said. "I don't deserve that. The bull wasn't hurt. He stayed in the corral for about sixty days, went back out with the herd, and he's been just fine."

The next day, Lowell returned with his brother and his son, Kent Johnston. Together, the Johnston family purchased several bulls—and in many ways, made that second sale a success.

That moment stuck with me.

In memory of Lowell Johnston, the Sutphin Bull Guarantee was created. His honesty, integrity, and the lesson he taught me about taking care of people—and doing what's right—continue to guide how we do business today.

### Our Details

**Return**

Bulls must be returned to our McClave, CO bull pavilion after contacting us with pictures or get verified to qualify for insurance. If unable to return, credit can be applied to next purchase.

**Coverage Details**

Bulls over $6,500 purchase price are a no questions asked guarantee for a 120-day breeding season. The replacement covers everything but foot rot (you must doctor your foot rot).

**Coverage Window**

Insurance is paid through March 1, 2027.

**Contact**

You must contact Angela Sutphin (719-691-9061) with pictures and/or vet verified to qualify for insurance. Bull credit minus salvage value will be granted for next year's sale.

# SIM ANGUS SIRES

Sutphin Cattle has built a Sim Angus bull, approx. 1/4 to 3/8 blood, that calves moderate & is not too big for our country.
These bulls will influence a Black Angus herds weaning weight by 40 lbs. plus.
These bulls have a wide top, huge hindquarter & the calves will push the scales down at weaning time and will top the market.

# John Sutphin III

## MORE THAN THE FOUNDER - HE WAS THE HEARTBEAT...

His commitment to cattle that work, genetics that last, and relationships built on trust shaped Sutphin Cattle Company for decades. John took great pride in the cattle offered here today, and his standards continue to guide every decision made moving forward.

This sale stands as a reflection of his life's work, and we are honored to carry his legacy forward.
